- For less than a couple of pennies more, you can dazzle your customers with Mayson's Finest mixes. Better tasting Margaritas will sell themselves – and your customers will be ordering more. Just a few pennies per premium drink served can make a world of difference – leading to increased sales volume and profit – and pleasing both your bottom line and your customers' taste buds at the same time.
- Mayson's Finest **premium concentrated** Margarita mixes yield over 2.5 times the number of drinks than non-concentrated mixes. Multiply the case price by 2.5 to make an apples to apples price comparison. Mayson Foods produces superb products from high quality ingredients, all for a great value.

Celebrating 35 years, Mayson Foods continues to delight customers with Mayson's Finest Margarita and Cocktail Mixes. Providing unmatched quality and value, Mayson's Finest Mixes can be found nationwide. Taste a Mayson's Margarita, and you will experience the difference – call today to find a distributor in your area.
